Rough Hawkbit
Alsike Clover
Common Dandelions

Annuals

LATIN NAME

Glebionis segetum
Papaver rhoeas

COMMON NAME

Corn Marigold
Common Poppy

Include for bumblebees

Perennials

LATIN NAME

Anthyllis vulneraria
Lotus corniculatus
Origanum vulgare

COMMON NAME

Kidney Vetch
Bird's-foot Trefoil
Wild Marjoram

Bird's-foot Trefoil

Oxeye Daisy

Less than 20% grass content recommended.

Suggested sowing rate: 1-2 g/m² without grasses (sand or damaged cereal grains can be added to bulk out the mix for sowing) or 4g/m² with grasses.

PREPARATION: <https://www.silenceofthebees.eu/wp-content/uploads/2022/09/BEE SPOKE-Establishing-Perennial-Wildflowers-rev-June-2022-WEB-VERSION.pdf>

Percentage of each species may vary according to seed availability, inclusion of grasses, soil type and climatic conditions. Speak to a wild seed supplier for advice before ordering.
